

Summary of Partnerships

The following directory includes a list of all those partnerships known to operate in or cover either the district of Derbyshire Dales or the borough of High Peak.

Partnerships vary enormously in size and remit. For the purposes of this directory, a partnership is a single body that brings together representatives of different sectors and communities to pursue common aims. These include partnerships set up to deal with specific issues or meet local needs and partnerships with a statutory basis.

The partnerships listed below are both formal (constituted or driven by statute) and informal (e.g. members agreeing to co-ordinate the provision of services).
