Dear Mr M Hase

**Planning consultation: SEA/SA Screening Brailsford Neighbourhood Plan**

Thank you for your consultation on the above dated 07/02/2018 .

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

**Sustainability Appraisal**

It is our advice, on the basis of the material supplied with the consultation, that, in so far as our strategic environmental interests are concerned (including but not limited to statutory designated sites, landscapes and protected species, geology and soils), that there are unlikely to be significant environmental effects from the proposed plan.

**Strategic Environmental Assessment Screening**

We welcome the production of this SEA Screening report. Natural England notes and concurs with the screening outcome i.e. that no SEA is required.

Further guidance on deciding whether the proposals are likely to have significant environmental effects and the requirements for consulting Natural England on SEA are set out in the [National Planning Practice Guidance](#).

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.
