Hello,

I'm trying to make comments on the above using the online survey. However I was able to comment on just *one* section and *one* policy – the on-screen instructions (screenshotted below) say to do another survey if you want to make additional comments. However once you've clicked 'done', you can't get back in – survey monkey just tells you that you've already done it. It might be just 'my' problem but if not could compromise the consultation?

Attached are comments in full.

Neighbourhood Plan Section 3 How does this Neighbourhood Plan fit with District and national planning policies?

As the neighbourhood area is adjacent to, and in places contiguous with, the boundary of the national park, this section should refer to the 1995 Environment Act duty on relevant authorities to have regard to the purposes of a national park. (This duty is referred to in Section 11.)

Neighbourhood Plan Policies NP 1, 4 and 10

Welcome and support these policies as they reflect the purposes of a national park

Consultation Statement page 21

Comments made by the National Park Authority under the Reg 14 consultation are – *in part* – extracted in the consultation statement. However the extract doesn't make sense without reference to the full comment.

Kind Regards
