

Re-Neighbourhood Plan for
Darley Dale.

Time 15.51

07.04.19

Dear Sir / Madam,
Re-Neighbourhood Plan for Darley Dale.

We wish to make the following points -

- Old Hackney lane is a lane and the volume and speed of traffic is too much already. It is used to by-pass the A6 and many HGV's tractors and large 4x4's use it.

- On a daily basis vehicles mount the narrow pavements.

- School children (primary and

secondary) walk this route.

- Old Hackney lane should be access only. Traffic should be encouraged to use main roads not a narrow lane.

- Getting a doctors appointment in Matlock is difficult, extra houses mean extra people.

- We have been informed that there are no new NHS dental places available in Matlock.

- Has the impact on surrounding areas and infrastructure been considered before issuing planning permission.

- Extra houses on a narrow lane

is only going to exacerbate all
the above issues.

Yours faithfully
