81410	Home Farm Osmaston Derbyshire DE6 1LT	Stable block. c1849 probably by Stevens of Derby. Red brick with plain tile roofs and stone coped gables, with moulded kneelers. Pronounced dentilled eaves band. Single storey ranges either side of a two storey centrepiece. South elevation - tall centre block with hipped roof, rising to a gabled wooden pigeon cote and surmounted by a gabled brick bell turret, with weather vane above. Ground floor has a doorway with basket arch and window to the right with basket arch. Single window above with basket arch and wooden casement. Single storey ranges to left and right, with dentil eaves band and rows of doors and windows with basket arches, all now blocked, apart from louvred openings. Arrangement of doors and windows from left to right, in west wing A-B-A-B-B-A-B, in east wing from right to left, B-A-A-B-B-A-B. Rear elevation has projecting gabled bays with upper doorways into loft.	II	12/07/1985
81411	Osmaston Park Cottage Osmaston Derbyshire DE6 1LT	Cottage orne on the Osmaston Manor Estate. Late 1840s, possibly by Stevens of Derby. Red brick, partly rendered. Thatch and plain tile roof with twin brick diamond plan ridge stack and gable end stacks. Two storeys, irregular plan. South elevation of three bays, designed as a picturesque eyecatcher to be seen from the boating lake. Centre bay advanced and with tall canted bay window with Gothic glazing to the side lights, and a projecting canopy. Flanked on each side by windows with shallow segmental heads and small pane 3-light wooden casements. Two similar windows above under flat arches, the thatch above cut away in a shallow eyebrow. Plainer T-range behind with rendered walls, tiled roofs and similar casement windows.	II	12/07/1985

81412	Osmaston Park Osmaston Derbyshire	Terracing, steps, balustrades and footbridge, the remains of the formal gardens to the demolished Osmaston Manor. Late 1840s by Stevens of Derby. Rock faced limestone and sandstone ashlar. Footbridge over drive at north east corner has broad segmental arch with voussoirs, impost blocks and keystone. Four bay balustrades above, each bay with four plain round arches. Steps up at south end, piers with obelisks. Two sides of courtyard wall to south, attached to rubblestone walls with remains of copings and balustrades, forming two terraces down the hillside and overlooking the lake. Balustraded tower - like projection at east corner. Flights of stone steps at each end and in the middle. Main central flight of steps divides in two and has remains of stone balustrade. Round-arched alcove beneath. Lower flight descends to stylised quatrefoil pond. Listed for Group Value.	II	12/07/1985
81413	Dam And Waterwheel Osmaston Park Osmaston Derbyshire	Dam and waterwheel at south end of main lake. Late 1840s by Stevens of Derby. Coursed squared rock faced limestone. Embankment dam of curved plan, the walls with a slight batter. Footpath along the top with stone steps descending on the curved walls on each side. Plain iron railings. Waterwheel with overshoot, attached to a wooden hut with corrugated iron and stone slate roof. The hut houses a pumping engine still in situ.	II	12/07/1985

<b>LB Ref</b>	<b>Addres</b>	<b>Description</b>	<b>Grade</b>	<b>Date Listed</b>
81414	Large Boat House On Eastern Side Of The Main Lake Osmaston Park Osmaston Derbyshire	Boat house. Late 1840s, probably by Stevens of Derby. Coursed squared limestone and sandstone dressings. Structure consists of a brick tunnel vault. Broad entrance elevation from lake with dressed stone round arch with keystone, rising from semi- circular cutwaters, Curved side walls with end piers and coped parapet, which forms a footbridge over the boat house. Land entrance with twin flights of stone steps descending to a round arched doorway. Parapet wall above.	II	12/07/1985
81415	Small Boat House On North West Side Of The Main Lake Osmaston Park Osmaston Derbyshire	Boat house. Late 1840s, probably by Stevens of Derby. Brick tunnel vault and sandstone ashlar dressings. Round arched entrance from lake with raised square outer moulding, rising from projecting impost blocks. Steps down to simple round arched doorway from land side.	II	12/07/1985

<b>LB Ref</b>	<b>Address</b>	<b>Description</b>	<b>Grade</b>	<b>Date Listed</b>
81416	Osmaston Park Osmaston Derbyshire	<p>Tower and walls forming enclosure to former kitchen gardens to Osmaston Manor. Late 1840s by Stevens of Derby. Red brick, coursed squared rock-faced limestone and sandstone dressings. Walls form two enclosures, a rectangle to the north and a polygonal enclosure to south. Red brick walls with stone copings and rock-faced limestone piers with bracketed caps. Taller entrance piers to north and south. Similar cross wall dividing the two enclosures. These have brick lean-to sheds with slate roofs and coped gables with moulded kneelers. The south facing walls of each enclosure have remains of lean-to glass houses of wood and cast iron. The walls were left with a cavity for heating purposes. In the centre of the cross wall a tall stone faced tower. Externally this has a pronounced batter at the base, low buttresses to west and east, topped by carved scrolls. Steps up to round-arched entrance to north. Two slit windows above, then a moulded stringcourse. Top stage has a three bay Italianate open arcade to each face with a similar decorative blind arcade below. Further moulded stringcourse and parapet. The inner walls are circular and of brick, with a spiral cast iron stair enclosing a circular brick chimney. The tower served as the outlet for the central heating system and for all the fireplaces in Osmaston Manor, which originally had an experimental heating system whereby all the chimney flues were taken underground to a single main flue. Listed for Group Value.</p>	II	12/07/1985
